

We Appreciate Our Volunteers

We have a unique program for our volunteers – it's called **Virtual Volunteer**. As one of our volunteers, you can sign into Virtual Volunteer from any computer with an internet connection to keep track of your *after hours* or *off campus* volunteer hours. *We are aiming for 100% participation of all volunteers this school year.* Simply go to: www.v-volunteer.com. You must have a volunteer profile set up in our VSoft security software (in the main office) with an email address listed.

You can have your volunteer profile set up **two ways**.

Contact Paul Tinsley, Parent Volunteer Coordinator, ptmt96@aol.com and we'll be more than happy to set it up for you so that you can begin logging your hours from home. I will need the following information to set it up:

- First & Last Name
- Birthdate
- Email address

Or the next time you visit our school, let the person at the switchboard know that you need to set up a volunteer profile and give them your driver's license. Remember to give them your email address. Once it's set up, you can begin using Virtual Volunteer.

Volunteer of the Month

October

Susan Howard

Mrs. Howard is the Fundraising Coordinator for AIMA (Arundel Instrumental Music Assoc., Inc.). This year, as well as last year, she has spent countless hours researching, planning, presenting and ultimately putting into place, AIMA's fundraising platform for each year. She is also instrumental in helping to coordinate the truck rentals for all of our competitions which involve negotiating prices in order to save our organization funds. Kudos to Susan in helping to make AIMA a great parent organization! We appreciate you.

November

Carol Watson

Mrs. Watson has been a tremendous help as a classroom volunteer for Ms. Andrea Érdfalvi-McKenzie Spanish class. She has great ideas for classroom management that has been implemented with success. She is a great motivator, and we are incredibly grateful for her help. We appreciate you.
